Required

☐ Always require a value in this field in order to save a record

Unique

☐ Do not allow duplicate values

External ID

☐ Set this field as the unique record identifier from an external system

Auto add to custom report type

☒ Add this field to existing custom report types that contain this entity

Default value

Show Formula Editor

Use formulas to calculate field values. Enclose text and pointer values in double quotes ("the text"). Include numbers without quotes. 25 shows percentages as decimals (0.10); and express date calculations in the standard format: Today() + 7). To reference a field from a Custom Metadata type record use: \$CustomMetadata.Type__withRecordName.Field__.
